

We are very happy to have the opportunity to arrange the **International Multihull Meeting in Stockholm 2011**

IMM 2011 is arranged by [Swedish Catamaran and Trimaran Sailors, SCTS](#).

We promise to do our best to make your visit to Stockholm City and the Archipelago an unforgettable sailing memory.

Stockholm's archipelago is made up of about 30,000 islands and if you have a catamaran or trimaran you could spend perhaps your entire life in the archipelago without having been everywhere you could have been.

You can make your preliminary registration *now!* We will then be able to provide you with further information regarding this event.

Welcome to IMM and Stockholm 2011!☐

Swedish Catamaran and Trimaran Sailors, IMM 2011 Committe
